THE REPUBLICAN STATE TICKET AND PLATFORM.

The Republican State Convention has done its work and done it well. It has presented to the people a ticket and platform upon which every Republican can heartily unite The platform is fully up to the requirements of the times, and just such a platform as the people have been wanting for many years. There is no uncertain ring about it; every note sounds sharp and clear. It is written in such plain English that there can be but one construction. In short the party reaffirms the cardinal doctrines, and upon State matters declares that there shall be no repeal or modification of the bullion tax law; declares that if a Republican Legislature is elected there shall be legislation upon fares and freights; declares that "The Chinese Must Go;" and, generally, places the party in full accord with the wants of the people. It is a glorious declaration of principles, and the character of the men nominated is the best evidence that it will be lived up to in its entirety.

NOMINEE FOR CONGRESS.

R M Daggett is the nominee for Congress. Probably no man in the State is so well known as Daggett His name is inseparable from the *Enterprise*. He is acknowledged the best newspaper writer on the coast. He is a man among men, a giant in intellect, sharp in debate, has a great warm heart, and as a Republican stands at the head of the list. No man is entitled to more from the people of this State. He would be a representative of the whole State. No corporation collar covers his neck, nobody can justly claim him for their own man. He does his own thinking, his own talking, and Right is always uppermost in his mind It is of vast importance to the country that men of Daggett's stamp should be in Congress. The Nation will be safe with men of his class. We have no doubt of his election, but the majority should be as large as possible.

GOVERNOR KINKEAD.

We call him Governor, for John H. Kinkead is certain to be at the head of Executive affairs of this State for the next four years; possibly eight. A man of solid worth and integrity; a plebeian, yet bright in all the attributes that endear him to all; honest and capable; warm hearted and generous to a fault; true to his friends; a pioneer of the country; a laboring man; one who believes that Labor should go hand in hand with Capital, yet Labor is to have the benefit of all doubts; a man capable of receiving and entertaining State visitors in a hospitable manner; fully alive to the wants of the masses and determined to protect them; a man without money, in fact poor in this world's goods, yet rich in mind and heart, rich in honesty and integrity. No Republican should fail to vote for him; many Democrats have too much sense to vote against him.

LIEUTENANT GOVERNOR.

Harry R. Mighels, editor of the Carson *Appeal*, the nominee of the party for Lieutenant Governor, also deserves well of his party, the people and his country. He was a soldier when soldiers were needed, and when not serving in that capacity, has aided his country with his pen, and "The Pen is mightier than the Sword." His experience as Speaker of the Assembly eminently qualifies him to act as President of the Senate.

CONTROLLER.

J. F. Hallock, of Pioche, will be the next Controller of State. He is thoroughly qualified for the position; his friends declare him a ripe scholer, a true gentleman, and a man certain to be foremost in protecting and looking after the interests of the State.

SECRETARY OF STATE.

Jasper Babcock, of Storey, is the nominee for the important position of Secretary of State. Mr. Babcock is an accommodating gentleman, and it would be a pleasure to do business with him. Though the office is mostly a clerical one, yet connected to it are important duties which demand that the position shall be filled by one who is fully capable. Babcock is the man.

STATE TREASURER.

L. L. Crockett, of Reno, is the nominee for State Treasurer. The Convention has our thanks for this compliment. Mr. Crockett is a strong man for the position. He is not only a strong man but a good man, and he will have no trouble in giving the necessary bond, even though a million dollars should be required. Mr. Crockett has been identified with the State from its infancy; has held many positions of public and private trust, and has a record second to no other man in the State. We vouch for him as being as good a custodian of the Treasury as could be selected, and we hope his majority will be 5,000.

ATTORNEY GENERAL.

M. A. Murphy, of Aurora, for Attorney General, is warmly endorsed for the position by Judge Hawley and Judge Whitman, a recommendation sufficient to cause all to vote for him. Mr. Murphy has been in Esmeralda since 1863, where he has built up an extensive practice.

SURVEYOR GENERAL.

We again thank the Convention for the compliment paid Reno and Washoe county in the nomination of A. J Hatch for Surveyor General. Mr. Hatch, we guess, has been a surveyor ever since he was able to carry a chain and handle a compass. For many years he has been Co. Surveyor here, and a U. S Mineral Deputy, and in that position he surveyed a majority of the lands in this State. His fitness for the position must therefore be conceded.

SUPREME COURT CLERK.

The Convention paid C F. Bicknell the compliment of a renomination. During his present term Mr. Bicknell has shown that he was the right man in the right place. As everybody concurs in this opinion, the Democratic candidate will find that the campaign will proceed as usual should he choose to remain at home.

SUPREME JUDGE.

Hon. Thos. P. Hawley, the present Chief Justice of our Supreme Court, was complimented with the nomination by acclamation. If there is one man above another who is the people's candidate that man is Tom Hawley. A pure man and incorruptible Judge; no money can buy him; no corporation can influence him; a credit to the Bench and a man whom to remove would be a public calamity. Irrespective of party every voter in the State should vote to retain him on the Bench. Our Judiciary should be kept pure, and when we have a Judge like Hawley it should be our first duty to keep him on the Bench.

SUPT OF PUBLIC INSTRUCTION

J. D Hammond is the nominee for Superintendent of Public Instruction, and is in every way qualified for the position; a teacher of long experience; a fine scholar, an eloquent speaker, a true gentleman. Hammond will be an officer who will do the State credit.

Thus the Republicans have presented to the people a list of candidates selected with regard to peculiar fitness for the respective positions, fealty to party, availability, and proper respect to all sections of the State. That the people will endorse the action of the Republican State Convention we do not doubt; neither do we doubt that the best interests of the State will be subserved thereby.

DISTRICT JUDGE. SECOND JUDICIAL DISTRICT.

Charles S. Varian is the Republican candidate for Judge of the 2d Judicial District, composed of the counties of Washoe, Ormsby and Douglas. Mr. Varian is one of the very best lawyers in the district, and is warmly endorsed by the Bar for the position of District Judge We believe that he would make a good Judge, discharging the duties of the position with fidelity to the true interests of litigants, studying carefully the rights of all, being only actuated by a desire to make a record for himself as a Judge and a man which shall last for all time This is the more natural for the reason that he is a young man and has the world before him hence his future is entirely of his own making His mind is too evenly balanced to intentionally cause him to make any mistakes. There is no question of his competency his standing as a lawyer in the district, and his position of U S. District Attorney of Nevada is sufficient recommendation. His interests are all here in Washoe county, and his election as Judge will be a great convenience to this people and the Bar of Washoe county The complaint has been often made that on account of the Judge living in another county, the interests of Washoe have been often neglected. Now that we have a chance to remedy this evil, if it be one, there should be no further complaint should we fail to do so Not alone party, not alone pride of county, not alone personal, but every consideration demands that Washoe should do its best for C. H. Varian for District Judge.

THE REPUBLICAN TICKET.

The ticket nominated by the Washoe County Republican Convention is deserving the hearty support of every Republican voter. Take it, generally, and there has never been a better lot of nominees presented to the people, and every man of them will be elected by handsome majorities. From the *personnel* of the Convention such a good ticket was expected, for the members of that Convention comprised the most intelligent, the active business representative men of the county. The platform is all that could be asked, and will be faithfully adhered to. It goes further than any other platform, in that it pronounces against the remission of the $125,000 of back taxes due the State from the Bonanza firm; thoroughly sound on National, State and county affairs, the people may be assured it will be maintained.

THE LEGISLATIVE TICKET.

This county needs a wide awake delegation in the Legislature, and if C C Powning, Senator, and J. P. Foulks, W. E Price and E E Underwood, Assemblymen, can not secure such legislation as Reno and Washoe county need, no other four men named can be successful. W. E Price has been there before, and made an excellent member; J. P. Foulks will take front ranks as a worker He is a "rustler" in the full meaning of the term; Mr. E. E Underwood is very popular in Wadsworth; a man of good address, an agreeable talker, one who will make a hard working member. These men will strive for no other purpose than the good of Reno and Washoe county. Every man who favors the re election of John P Jones to the United States Senate should vote this Legislative ticket. Their election means four votes for Jones.

SHERIFF.

A K. Lamb was complimented with a renomination for Sheriff Mr. Lamb has made an excellent officer. Another term he will do even better, for the experience will be a great benefit in a second term. During his incumbency he has been faithful, courageous and honest. No better servant can the people choose.

CLERK.

Mr. C R Wickes, the nominee for County Clerk, is thoroughly qualified for the position. He is the present bookkeeper in the Farmers' Co-operative Association store; writes an excellent hand, and keeps everything neat and clean; has always held important clerical positions, and never failed to give complete satisfaction to his employers The people will find in him an affable, accommodating, competent and honest Clerk.

ASSESSOR.

W. F. Everett, an honest, hard-working blacksmith, at Huffakers; just, honest, and a general favorite among all acquaintances. He will make a first class Assessor. His long residence in the county will enable him to judge of the proper valuation to put on property, and he will perform the duties of his office in a satisfactory manner.

TREASURER.

D. B. Boyd, of Reno; an excellent man for the responsible position of Treasurer. Dan is an old resident here, and is known by every one. He could get men enough to go on his bonds if he were candidate for any position. He is a thorough business man and will, when elected, keep our money safely and honestly. Everybody knows him and trusts him.

RECORDER.

A young man of unusual ability is R H. Wright, of Mill. A thorough accountant, he will be able, if successful, to keep the county records in a correct and neat manner. He will be careful and will see that the law backs him in everything. The county would do well to itself by reposing the confidence asked upon Mr. Wright, for he will be all that can be desired.

COMMISSIONER (LONG TERM.)

R. H Kinney, of Glendale, an old resident of this county, and a thorough business man. He is not hasty in conclusions, but will always know that he is right before he goes ahead. He will prove an efficient Commissioner, if elected, and voters can trust the county matters in his hands.

COMMISSIONER (SHORT TERM)

E. Olinghouse, of Wadsworth, is a good man for Commissioner. A man of sound business tact, and a faithful man in every walk of life, he will prove equally as efficient as a County Father. Should he be elected, our county will be particularly fortunate.

DISTRICT ATTORNEY.

John Bowman, of Reno, is a lawyer of years and experience. He, if elected, will make a faithful officer. His knowledge of the law will enable him to look after the county's interests in a manner which will insure legality, economy and safety. Mr. Bowman would be a faithful attorney for the people.

SUPT. PUBLIC INSTRUCTION,

An important position, well represented in the person of Dr. A. Dawson, of Reno. He is a teacher of long experience, and has always had a great interest in the education of the young. He will be the right man in the right place. The schools of the county will be in good hands when under his supervision.

SURVEYOR.

Don H Barker can run a line with any surveyor in Nevada, and when he sets a stake, just rest assured it is in the exact spot. Don knows his business perfectly, as his long experience and many surveys will testify.

PUBLIC ADMINISTRATOR.

C W. Jones has filled this position before and knows its duties, and if elected will prove a satisfactory officer. He will administer upon all estates honestly. An important position with a worthy man nominated for it.

A dispatch from Vienna says there seems to be a mystery about the movements of the Russian troops It is certain that they still hold the Tchataldja lines. Should this occupation last, it is thought the British fleet may return to a position near the Bosporus.

THOSE CIPHER DISPATCHES.

The New York *Tribune* is publishing a great many cipher dispatches which it has contrived to get hold of. It relates the amount of time and trouble it took to translate them, but refuses to tell how it came into possession of the convicting evidence. The cipher dispatches were not confined to one key, but there seems to have been several keys, the number of words determing which one to use. Every message was divisible by five, and in case the message did not make the required number of words, "null" or meaningless words were added to fill out. We quote a few of the telegrams, with the translations:

"Warsaw" and "Warsawed" occurred so often that it was assumed to mean "telegraph," "telegram," "telegraphed," etc., and the guess proved correct and was the first discovered of any of the "blind" words used The words of a dispatch were then arranged according to a given numerical order, as 9, 3, 6, 1, 10, 5, 2, 7, 4, 8. With this arrangement read this dispatch, reading the ninth word first, the third second, and so on:

A PREACHER'S DESCRIPTION OF HELL.

An English clergyman, the Rev. J. S. Furnis—suggestive name—has enlightened the world as to the whereabouts and horrors of hell, but his object in this remarkable mission is, he explains, "for the instruction of the young." He tells them about how it is in these words: Hell is situated 4,000 miles from here, at the middle of the earth, and is tenanted by millions and millions of tormented creatures, mad with fury, who dwell in the midst of screams, groans, yells, cries, shouts, shrieks, roarings, hissings, howlings, wailings, fearful blasphemies and thunder, not to mention the sounds of 'oceans of tears running down from millions of eyes with a great splash upon the floors of hell.' The roof is red hot; the walls are red hot; the floor is like a thick sheet of red hot iron. See on the middle of that red hot iron floor stands a girl. She looks to be about sixteen years of age. She has neither shoes nor stockings on her feet. The door of this room has never been opened since she first set her feet on this red hot floor. Now she sees the door opening. She rushes forward She has gone down upon her knees upon the red hot floor Listen, she speaks. She says: 'I have been standing with my bare feet on this red hot floor. Sleep never came on me for a moment, that I might forget this horrible burning floor. Look at my burned and bleeding feet. Let me go off this burning floor for one moment, only for a short moment. Oh! that in this endless eternity of years I might forget the pain only for one single moment. The devil answers her question. "Do you ask for a moment—for a moment to forget your pain? No not for one single moment during the never ending eternity of years shall you leave this red-hot floor."

THE COMSTOCK.

The Panic Over—South End Mines—The Flooded Mines—Sierra Nevada—Ophir Matters—What is Being Done by Our Leading Mining Companies.

[Enterprise of the 19th.]

The late panic has left values somewhat unsettled, but there is already a marked advance in leading stocks and all will soon be going on again just as though nothing had happened, confidence in the mines being fully restored.

At the south end the Alta Company have a large new dump completed and will soon begin taking out ore for milling. The Justice Company are taking out some ore in running drifts on their 1150 and 1225 levels, near the Alta line, and will soon commence stoping out ore for milling.

The Belcher and Crown Point Companies are finding low grade ore on the 2300 level, and are liable in the course of the explorations now in progress to find valuable deposits.

The Savage and Hale and Norcross Companies have again reached and resumed work on their 2100 level and in their exploration thereon will probably find ore sufficiently rich to pay for milling, ore assaying $8 to $10 having been encountered some inches of lost above in the large bodies of quartz cut by their prospecting drifts.

The Gould and Curry and Best and Belcher companies will soon have finished certain air connections which will enable them to prospect to good advantage on their 1900 level They both have a large amount of unexplored ground in which to drift, and in this ore bodies of value may be found.

The Ophir Company now have two levels—the 2100 and 2200—about ready for prospecting; indeed, the work of exploring the former has already made considerable progress. and the indications are that a considerable body of ore will be found on it. On the 2200 level they will reach the same plane as that in the Sierra Nevada, where the development in that mine began to assume valuable consistency and proportions, and a good body of ore may be looked for between that and the 2300, which latter level will correspond to the 2200 level of the Sierra Nevada. The developments made and making in the Sierra Nevada give great value to all the ground in the Ophir lying below the 2100 level. Indeed, it may be truthfully said that they are now but beginning to enter upon the really valuable and productive portion of their ground.

At the Sierra Nevada we have in process of development another of those great and rich bodies or bonanzas of ore for which the Comstock is famous. As yet we see but the eastern face of the new bonanza, but what is seen is of great richness and any man who knows anything of mining will not hesitate at its present state of development to say there are millions in it. It is true that we do not know the exact width of the ore body, but we do know something of its depth, and may reasonally assume that there is length corresponding to the depth. It is safe as the mine now stands to calculate a width of three feet on the 2200 level for each foot of advance made in crosscut No. 1 at the 2100 level.

A DIRTY BUSINESS.—More than one of the candidates for county offices are complaining of the increasing demands for money made upon them. They say that at every turn somebody has a pressing necessity, which that somebody expects the candidates to supply. These fellows seem to have an idea that the officers are put up for sale, and that the highest bidder should win. It is a practice too dirty to be tolerated in a decent community, and those who are candidates should frown it down at once, by treating those who proffer to sell out, with the contempt and scorn they deserve. If men can not be elected to office on their own merit and qualifications, then it is better for them to be defeated. No candidate who has the least self respect will put up a dollar for the crowd that offers itself for sale. If they sell to-day there is no assurance that they will do as they agree on election day.—*Tuscarora Times Review.*

LOOK OUT FOR BARGAINS!—Barnett's will receive an immense stock of dress goods and fancy goods next week. Ladies wait for the chance.*

At Osburn & Shoemaker's you can buy Florida Water for 25c and 50c; Cashmere Bouquet Soap for 25c, other toilet soaps in proportion; Sanders' Face Powder, 37½c, other toilet powders in proportion; also just received from the East a large and splendid assortment of Fancy Hair Oils, Colognes, Extracts, etc., which we offer at prices lower than ever offered in Reno. Wood Sawing.

The attraction of Virginia street yesterday was Dr. Hogan sawing wood. A citizen had half a cord to saw, and was about to let the contract to a Chinaman when Hogan spoke up, saying he would rather do it himself than have a Chinaman do it. He was taken at his word, and went to work. Bystanders stood in, and raised a purse of $6, to be given him when the job was completed. Dr. was game and stuck to it until it was all sawed and piled, notwithstanding the jeers and jokes of those around him, but the blisters on his hands showed he was unused to such labor. Roger Johnson split the wood, or at least tried to, but Roger is not a success at such business. However the work was done and the "Workingmen" stood the test

The Rev Mr Jenvey, under the direction of Bishop Whitaker, has succeeded Mrs. Ormsby as Principal of the Reno Seminary, Mrs O having resigned and gone East. The new arrangement gives universal satisfaction, and the school is now on a basis which can but please every patron. The whole State has a right to feel an interest and an honest pride in the magnificent Reno school. All that eminent culture and patient labor can accomplish to train the minds there and fit them for a useful future can be relied upon with perfect confidence, and while the school is conducted as it now is, there can be no good reason for sending the girls of Nevada to another State for thorough schooling.—*Enterprise.*

SUPREME COURT DECISIONS.

Julia A. Blaisdell et al., Respondents, vs. Heister Stephens et al., Appellants.

[OPINION BY HAWLEY, C. J.]

The plaintiffs, as owners of a drain ditch constructed in 1876, brought this action to recover damages against defendants for wrongfully flowing waste water from their lands to the injury of plaintiffs' ditch, and for an injunction to restrain such wrongful flowing of waste water.

At the close of plaintiffs' testimony the defendants moved for a non-suit upon the ground, among others, that it did not appear that the injury complained of "was the result of the joint or concurrent act of the defendants." This motion was overruled. This case was tried before a jury to whom special issues were submitted.

The jury answered the special issues, and also found a general verdict in favor of the plaintiff, assessing the damages at fifty dollars.

Both parties moved for judgment upon the special issues found by the jury. The Court gave judgment in favor of the plaintiffs, and the defendants appeal.

From the issues found by the jury it appears that the "waste water from the defendants' lands and irrigating ditches" did flow into plaintiffs' drain ditch and that the waste water from the lands and irrigating ditches of Henry Weston and Mary Wall also flowed into plaintiffs' drain ditch

The waste water from the lands and ditches of the defendants has flowed upon the land drained and intersected by the drain ditch of plaintiffs ever since 1864

With the exception of the 8th day of May 1877, no more waste or drainage water flowed from the lands and ditches of the defendants than in previous years. The defendants "own, occupy and irrigate separate and distinct tracts or parcels of land each in his own right." They have no drain ditch which they use together in common.

The defendant Sessions in 1876 constructed a drain ditch leading from his land to the Truckee river of sufficient capacity to carry, and it did carry, all the waste water brought or used by him on his land with the exception of the 8 h of May, 1878

The jury failed to find whether the defendants, or either of them, used any more water upon their land than was proper and necessary to irrigate the same, but did find that each defendant used proper and reasonable methods of irrigation

The plaintiff, Henry Stephens, had dams across the slough or channel, in which waste or surplus water from the lands of defendants' flowed, and turned the water out upon his lands to irrigate the same

The grantors of the plaintiff, Henry Stephens, appropriated, claimed and used the waste water flowing from the lands of defendants for irrigating purposes.

The plaintiff, Pine, upon the land of the plaintiff, Blaisdell, used the waste water or surplus water flowing from the lands of Henry Stephens for irrigating purposes.

The waste water flowing from the lands of defendants flowed upon the lands of the plaintiff, Henry Stephens, in a natural channel or slough, and he turned the water out of said channel upon his land

The waste water flowing from the lands of defendants after passing over the lands of the plaintiff, Henry Stephens, flowed into an artificial ditch constructed upon the lands of the plaintiff, Blaisdell, and thence into the drain ditch of the plaintiffs

The plaintiffs' ditch was damaged to the amount of $75.

The jury did not know how much it was damaged by the water flowing from the lands of Mary Wall and Henry Weston, but found that it was damaged $50 by the water flowing from the lands of the defendants and $25 by the "waste water flowing from plaintiffs' lands"

It does not appear from the evidence that the defendants acted in concert, or that the act of either in any manner produced the act of the other.

We are of the opinion that the motion for a non suit ought to have been sustained.

The general principal is well settled that where two or more parties act, each for himself, in producing a result injurious to plaintiff they can not be held jointly liable for the acts of each other. (Ferguson vs. Kerry 1 B Mon, 96, Parkenson vs Van Order, 20 Barb, 479; Guille vs Swan, 19 John, 381; Bard & Wenrich vs Yohn, 26 Penn St, 48, Little Schuylkill Navigation Railroad and Coal Company vs. Richards, 57 Penn. St, 142)

The case last cited is certainly analogous to the case at bar. There the suit was brought for damages to a dam filled by deposits of coal dirt from different mines on the stream above the dam, and the plaintiff ought to hold the defendant liable for the whole damages caused by the deposits Speaking of the results that would follow if the defendant was held liable for the acts of others, the Supreme Court says. It is immaterial what may be the nature of their several acts, or how small their share in the ultimate injury. If, instead of coal dirt, others were felling trees and suffering their tops and branches to float down the stream finally finding a lodgment in the dam with the coal dirt, he who threw in the coal dirt and he who felled the trees would each be responsible for the acts of the other. In the same manner separate trespassers who should haul their rubbish upon a city lot, and throw it upon the small pile, would each be liable for the whole, if the final result be the only criterion of liability. But the fallacy lies in the assumption that the deposit of dirt by the stream in the basin is the foundation of liability It is the immediate cause of the injury, but the ground of action is the negligent act above. The right of action arises upon the act of throwing the dirt into the stream—this is the tort, while the deposit below is only a consequence The liability, therefore, began above with the defendant's act upon his own land, and this act was wholly separate and independent of all concert with others. His tort was several when it was committed, and it is difficult to see how it afterwards became joint, because its consequence united with other consequence. The union of consequences did not increase his injury. If the dirt were deposited mountain high by the stream his dirt filled only its own space, and it was made neither more nor less by the accretions." In this case, the right of action arises—if at all—upon the act of allowing the waste water to run into the slough from the land of the defendents. This is the tort. The damage to the drain ditch below is only a consequence. The act of defendant Sessions in allowing the waste water to run from his land was separate and independent from the act of defendant Stephens in allowing the waste water to run from his land and neither of them could be held liable in damages for the wrongful acts of the other.

The judgment of the District Court is reversed and the cause remanded for a new trial. Hawley, C. J.

REPUBLICAN PLATFORM.

Adopted at Eureka, Sept. 18th, 1878.

Resolved, That we reaffirm the principles of and renew our allegiance to the party which preserved the Union, freed the slaves and maintained the essential doctrine that this is a nation and not a confederacy bound together with ropes of sand, and that both State and national governments should give ample and complete protection to its citizens, both at home and abroad; that against the assaults of traitors and rebels the Republican party has preserved these governments, and the Republicans of Nevada now demand that every qualified elector in every State—in every State South and North—Democrat or Republican, black or white, shall be permitted, undisturbed by force and unawed by fear, to vote at all elections at the places prescribed by law, and that every vote so cast shall be honestly counted, and that every person chosen by such vote, to any office, shall be freely inducted into it and effectively supported in the discharge of its duties; that the permanent pacification of the Southern section of the Union, and complete protection of all its citizens in all their civil, political, personal and property rights, is the duty to which the Republican party stands sacredly pledged. In order to redeem this pledge, it placed the recent amendments in the Constitution, and upon the righteous basis of said amendments it will go forward in the work of pacification, until peace shall come through right doing, and contentment through justice. That the evident purpose of the Democratic party, if it should come into full power, is to pay hundreds of millions of suspended war claims of disloyal men, already presented to Congress or awaiting a favorable moment for presentation, makes it doubly important, now that the Senate is soon to pass under Democratic domination, that the House of Representatives to be chosen in the coming election should be under Republican control.

Resolved, That the validity of the presidential term was definitely and finally settled by the Forty-fourth Congress, and that the attempt shadowed forth by the Potter resolutions to disturb the title by which President Hayes and Vice President Wheeler hold their seats is revolutionary and dangerous in the extreme, and characteristic as it is of the underlying motives of the rebel Democracy call for our unqualified disapproval and denunciation

Resolved, That it is the duty of Congress to perfect with all possible expedition such legislation as will secure to the country the benefit of honest and fair adjustment of freights and fares on all railroads, whose construction is the result of land grants, subsidies, loans, and other Government aid assistance.

Resolved, That the Republican party favors and demands at the hands of the State Legislature legislation having in view the regulation and equalization of freights and fares on the railroads within this State.

Resolved, That in their shameless disregard of regard of our avowed principles the Democratic party of this State in their unmistakable purpose to nominate the present incumbent of the gubernatorial office for a third term, have brought upon themselves the deserved distrust, not only of every Republican, but of the more honorable and consistent members of their own party.

Resolved, That we believe in the doctrine of rotation in office, and that so believing we are opposed to the nomination of candidates to office under the State Government for a third term.

Resolved, That we hail with joy the remonetization of silver as a step toward our emancipation from the grasp of the corrupt money rings of Europe and America, and we ask Congress to complete the measure of our redemption by according to silver unrestrained coinage.

Resolved, That in the legislation of the Forty-fifth Congress, nothing more fully commands our approbation than the efforts of our Senators and Representatives in securing the remonetization of silver and the dual standard in the coinage of the country

Resolved, That there should be retrenchment in the public service, that men elected to office should be qualified by education, intelligence and business habits to perform the duties of their respective offices, and that the system of deputyships and clerkships at present existing in the interest of State officers should be abolished at once and forever.

Resolved, That public lands are the property of the people, and therefore they should be reserved for actual settlers, aided in their settlement by the Government and protected in their possessions by just laws.

Resolved, That we recognize the wisdom of the framers of our Constitution in providing for the taxation of the proceeds of the mines, that all taxes should be equal and uniform; that the present system of taxation is as just and fair as any that can be devised and should be preserved, that the mining corporations doing business in this State pay no more than their just proportion of taxes, while the railroad property situated within this State pay much less than its proportion; that no more taxes should be raised any one year than are necessary to defray the actual and necessary expenses of the State during the same period when economically and honestly administered, that the present rate of assessment of property should be decreased so as to produce only such a sum as is absolutely required to pay the expenses of the State, at the same time having due regard to the surplus of funds already in the Treasury

Resolved, That we refer with pride to the record of the Republican party in Congress, where, in spite of the assaults of a malignant and unscrupulous opposition, not one stain of dishonor rests, and not one act has been brought to light which reflects anything but renown upon the representatives of our organization and its principles

Resolved, That labor in itself recognizes the Republican party as its exponent, demands emancipation from oppression, and elevation to its proper dignity, a just and equal place with capital, and that both are alike necessary to the well-being of society

Resolved, That the General Government should immediately take such steps as to absolutely stop further immigration of Asiatics to our country; and that such just and peaceful measures should be adopted as may be appropriate and necessary to induce those already among us to put our shores at the earliest practical moment.

Resolved, That the Republican party of the State of Nevada enters its most solemn protest and condemnation against any corrupt interference in the politics or legislation of this State, by moneyed rings or corporations, or the representatives of aggregated wealth or capital; that we view with alarm the increasing and unceasing attempts of the moneyed powers of the Pacific States to control the elections and shape the legislation of said States; that the principle and practice are fraught with danger to our republican form of government, and should be frowned down and resisted by every individual who has at heart the welfare of American institutions and the freedom of the masses.

Resolved, That we are unalterably opposed to the diversion of any moneys raised by the taxation of the whole people to the use or benefit of any sect or religious denomination.

Resolved, That we solemnly declare it to be the sentiment of the Republican party that the breach of a pledge given to a nominating convention by a successful candidate for office is more disgraceful and dishonorable than the violation of any private trust or duty can possibly be

Resolved, That to promote the advancement of education and morals, to stimulate a true and beneficent enlightenment, and to preserve to the men, women and children of this State the fruits of the taxes so cheerfully borne and generously disbursed in behalf of our admirable system of public schools, to maintain the Union and protect its flag; to guard the memories of the dead who died in the name of Union liberty and law, and to vindicate all our acts and purposes is the aim and mission of the Republican party here and elsewhere; and, first of all, to do that which is best for the preservation and perpetuation of that party and its principles, holding all men's claims and aspirations secondary to these high claims and ends, these are our duties, and these the intentions we do most strenuously maintain and avow.

Resolved, That the Republican party of the State of Nevada is opposed to and protests against any repeal, modification or change of the law taxing the net proceeds of mines, commonly known as the Bullion Tax Law.

E. B. HARRIS, Chairman,
ALF. DOTEN, Secretary
Of the Republican State Central Committee

POLITICAL.

REPUBLICAN COUNTY PLATFORM.

Resolved, That we have known the Republican party to be the party of good government, and that it has always guaranteed the "greatest good to the greatest number." Believing that an insidious foe in time of peace is no less dangerous than an avowed enemy in time of war; we refer to the glorious record of the Republican party as a full guarantee of its national use and significance, and we therefore declare it to be the first duty of good citizens and in the highest interests of good government to ensure that the Republican party be continued as the law-making power of the land.

Resolved, That we do heartily endorse the platform adopted by the State Convention of our party held in Eureka, September 18th, 1878, that we do approve both the spirit and the letter of the same, and hereby pledge our candidates to a fulfillment of all promises therein made to the people.

Resolved, That the official acts of Hon. John P. Jones in the Senate of the United States meets with the hearty concurrence and approbation of the Republican party in Washoe county.

Resolved, That this Convention as a representative of the Republican party of Washoe county heartily endorses and applauds the vote of Washoe's Senators and Assemblymen in the Legislature of 1877, upon the infamous Bullion Tax Compromise bill, and we declare that in our best judgment said vote was cast for honesty. Justice and the public good; and further that we pledge our candidates for the Legislature of 1879 against any repeal or modification of the tax against the net proceeds of mines as it now exists, and that we recognize no power save the people which can absolve legislators from this pledge

Resolved, That the Republican party of Washoe county believes that the very first qualifications of its candidates must be honesty and capacity, no personal friendships or popularity shall be permitted to conceal or extenuate the dishonest or incapable administration of public affairs. Therefore the Republican party in convention assembled does hereby solemnly pledge itself and its candidates to a careful and prudent administration of the county affairs and to such reforms as to existing abuses as the nature of the case demands.

Resolved, That Washoe county demands a careful revision of the fee bill of this State and such legislation relative to the compensation of public officials as the exigencies of the case require, believing that the fees of public servants ought to be definitely and precisely fixed by law and regulated upon the basis of a fair compensation for the services performed, our candidates for the Senate and Assembly are hereby instructed and pledged, if elected, to use all honorable means to secure legislation in this respect that will equitably regulate and adjust the co-relative obligations of the people and public officers concerning public duties and the compensation therefore.

Resolved, That the existence of the Chinese in the United States is detrimental and injurious to the present and future welfare of our country and therefore the Republican party demand the abrogation of that part of the Burlingame treaty permitting immigration of the Chinese; that no Chinaman shall be employed upon any public works or in or about any public building or office; that the Republican party pledges its representatives to enact such just laws as shall most speedily remove from our nation the present Chinese population.

Resolved, That we recognize property as the product of labor applied to forest, field, furnace, forge, mine, and manufacture; that the wealth of a state or nation is proportionate to the number of its laborers, that States are more or less prosperous according to the wages which its laborers command, and that labor is the producer, while capital is only the result of such production. Believing that the policy of capital gives luxury to the few while prosperous and well paid labor shall have a governing influence in shaping the affairs of State, thus bringing "the greatest good to the greatest number."

Resolved, That this Convention refuses to confer any appointing or elective power whatever upon the County Central Committee which shall be named by this body. We recognize the right of the people alone to name delegates to all conventions of the party, and we repudiate any other course as a manifest attempt to usurp by committee action rights which belong alike to every Republican

Resolved, That we solemnly declare it to be the doctrine of the Republican party that the pledges given to a nominating convention by a successful candidate for office are binding and valid during his official term; that there is no power in any committee, State or county, to revoke it and that a breach of such pledges is more disgraceful and dishonorable than the violation of any private trust or duty can possibly be.

Resolved, That our Senator and Assemblymen are pledged against any remission of the penalty of $125,000 due this State from certain mining companies doing business in Storey county, and to oppose any bill looking to relieve such companies from said obligation.
